

UnityPoint Health

Finley Hospital

You're invited to join the UnityPoint Health, Finley Hospital Exploring Program!

Dear Future Explorer:

Exploring is excited to learn of your interest in health field careers from a recent school survey. Together with UnityPoint Health, Finley Hospital in Dubuque, we would like to invite you to participate in the Health Careers Exploring Program!

Exploring is a non-profit which offers career exploration programs to both male & female high school students. Each session of this program focuses on a different department in the hospital, giving students a taste of many different health fields & specialties. From pharmacy, to surgery, radiology, and more; this Exploring program provides students a chance to tour various departments, participate in activities, meet professionals in the field, and ask plenty of questions! Students will walk away knowing if a health field career is something they want to pursue.

UnityPoint Health & Finley Hospital normally do not allow any local students to observe or shadow due to HIPPA laws which protect patient privacy & safety, so you do not want to miss out on this opportunity!

FIRST MEETING:

Date: Monday, September 18th, 2017

Time: 4:30-5:15/5:30 p.m.

Location: Bartels & Butler Room – Finley Hospital | 300 N Grandview, Dubuque IA

You will be greeted in the lobby of the front entrance at 4:30

Registration Fee: \$30.00 (made payable to Northeast Iowa Council)

UnityPoint at Finley Hospital can only accommodate twenty-five students at one time, so please call or email to RSVP. Due to the limited number of spots for students, we ask that you please take attendance very seriously. Contact Melissa Neuhaus with the Exploring Program with RSVPs or questions at 563-556-4343 or email her at melissa.neuhaus@scouting.org. Please then complete your registration form, make sure it is signed by a parent, and then mail it along with your registration fee to Exploring, PO Box 732, Dubuque, IA 52004.

This is an excellent way to learn about careers in the medical field while having a great time. Remember, your future is the best reason to explore careers today!

Sincerely,

Tina Shade
